Mastin De La Bahia, we are a **Selective** breeder of the **Neapolitan Mastiff** making the difficult work to improve on many of the problems that plague the breed today including eye, skin, and other congenital conditions due to inbreeding trends whom sole purpose is a

show dog

with little regard to
functionality

,
vitality

,
longevity
and
health

.

Modern Rustic Molosser

Rustic is not just a word but rather our philosophy and mission to create a true robust living lion in the **Mastino** true to it's notorious reputation as a guardian of property and home. If you are interested only in a *neapolitan mastiff show dog* then we advice you to find another breeder. Our interest is not only beauty or a dog so fragile to raise you must spend hard earn money just to bring them to adulthood.
